This is not a certified pedigree

### El Gato Pedigree Text

This is the Three Generation Pedigree. It has space for a picture (your choice) and this space here where you can enter your own text. You can use this space to describe the picture, to talk about your cattery, to promote your daughter's Brownie Troup's cookie sale...the choice is yours.

You can select different Fonts...you are only limited by the fonts installed on your computer.

You can create different "stories", save them, and use whichever one you wish.

You can either print the page, or save it as a PDF and use it on your website, or email it to a potential customer.

You are only limited by your own creativity...and you can be VERY creative.
